Bus driver praised for using fire extinguisher

WCVB 5 (Boston, MA)  
March 13, 2020

Somerville, MA - A bus driver has been recognized as a hero after she jumped into action to help save people in a burning home.

The driver was returning the bus back to the garage when she came upon the fire burning in a three-family home at 40 Third Street. She stopped the bus, grabbed the vehicle's portable fire extinguisher, and ran to the building. She emptied the extinguisher into the flames, and they injected an air blasting system that was assisted by an unknown man party with trying to help nearby residents in the building and with extinguishing the fire. Portable extinguisher stops car fire

Komo News (Lake Stevens, WA)  
March 30, 2020

Lake Stevens, WA — A woman was injured when her car went careening off a road one recent evening. The car went 50 feet down an embankment, where it crashed and caught fire in the engine compartment. A nearby witness was able to quickly douse the flames with a portable fire extinguisher. Firefighters then knocked on an adjoining door to get people out. The bus driver reported that she was injured.
